

# Factsheet 2020

Over **6,000** members

Individual members	3947
From corporate memberships	713
Associate memberships	1590
in	29 countries
Total 12/2019	6268

We support all our members - whether in an individual, corporate or associate membership - in their work and personal development by means of practical knowledge and the possibility of transferring know-how and enabling networking. Numerous examples show that the ICV membership is an important element for development from controller to CEO.

## Corporate & Associate Members

In addition to the ICV's complete range of services, the corporate membership offers companies additional benefits at ICV events as well as free ICV studies and publications. Currently the ICV is proud to have more than 200 corporate memberships.

Larger companies and corporations enjoy tailor-made benefits and services with their associate membership. **Associate members:** Deutsche Bahn AG & voestalpine.

Extract:

BASF / BLG Logistics /

Group / VW / Wall / WHU  
/ and many more

## Expert Work Groups in Focus

In the **17 expert works groups** teams of experts with practitioners, consultants and scientists combine research results with practical experience. They develop innovative, practical controlling solutions for current challenges within the community. The ICV publishes the results, amongst others as guides in our publication series.

The **expert work groups** deal with a wide range of topics.

Agile Controlling (CH) +++ Accounting and Controlling +++ BI / Big Data and Controlling +++ Compliance Management & Controlling +++ Controlling and Quality +++ Controlling and Risk Management +++ Controlling & Future of Work +++ Digital Transformation +++ Green Controlling for Responsible Business +++ Innovation Management +++ Communication Controlling +++ Project Controlling +++ Start-up Controlling +++ The Digital CFO Agenda CH +++ Transfer Pricing Management +++ Valuation +++ Working Capital Management

## Sector Work Groups

Banking

Energy + Water

Health Care Austria

Health Care Switzerland

## Think Tank

The Think Tank is a team of specialist spearheads and innovators at the ICV who systematically analyze the controlling and company environment. Identifying important trends at an early stage, assessing their relevance and deriving consequences for the controlling department is their responsibility.

**Current Topic: Controlling in times of crisis**

Recently published reports of the ICV Think Tank:

- Controlling in start-ups and start-up initiatives (2018/2019)
- Digital Business Model Innovations | Controlling in the Digital Transformation (2017/18)
- Business Analytics | The Road to Data-Driven Corporate Performance Management (2016)
- Industrie 4.0 | Controlling in the Age of Intelligent Networks (2015)

# Factsheet 2020

## Internationalization

The ICV anchors its controlling philosophy beyond the German-speaking regions. It supports companies in their international expansion and development of controlling skills on site.

In **15 countries** the ICV offers opportunity to transfer knowledge and exchange experiences at conferences as well as at regional work groups meetings – also transnationally. In 2014 the English-speaking "International Work Group" was launched, in which controllers from many countries work together on realistic, practical tasks.

Austria +++ Bosnia and Herzegovina +++ Bulgaria +++ China +++ Croatia +++ Estonia +++ Germany +++ Poland +++ Romania +++ Russia +++ Serbia+++ Slovenia +++ Spain +++ Switzerland +++ Hungary

## Publications & Internet

The ICV provides access to the international Controlling Community through its own print and on-line media, combined with comprehensive information and training opportunities.

The ICV website [www.icv-controlling.com](http://www.icv-controlling.com) is a central, collaborative platform for information, external and internal communication as well as for providing controlling knowledge.

The ICV members receive the "**Controller Magazin**" every two months and can download publications from the **ICV publication series**. Non German-speaking members receive the "ICV Bulletin: (ENG) quarterly. Every three months the Think Tank gives information in its "Quarterly" (DE & ENG). The "**Controlling e-News**" newsletter is published in German and English. The ICV is present in the **social media**. Thanks to the regional work groups our media offer increases also outside the German-speaking countries, in the languages of member countries.

Controller Magazin / Controlling International / Publication Series / Think Tank Reports / Quarterly / [www.icv-controlling.com](http://www.icv-controlling.com) / ControllingWiki / ControllingBlog / Controlling e-News / Facebook / XING / Twitter

The **Controlling Wiki** [www.controlling-wiki.com](http://www.controlling-wiki.com) is an open knowledge and exchange platform for specialist contributions in controlling with almost 700 technical terms, which have been certified by the highly qualified ICV Wiki Advisory Board.

## Regional Conferences

Know-how transfer, exchange of experience, networking - compact on 1 day, on site: Every year, the controlling community meets on regional ICV events. At many places, work groups from the region design the programs, and experts from their ranks provide insights into how they face current challenges in practice.

Barcelona +++ Berlin +++ Bonn +++ Kaliningrad+++ Ljubljana +++ Northern Germany +++ Poznań +++ Rotkreuz +++ Shanghai +++ Steyr +++ Stuttgart +++ Vienna +++ Zagreb +++ Zurich

## Regional Work Groups

The backbone of the International Association of Controllers (ICV) are approximately **60 regional work groups** in 15 countries. Two to three times a year they usually meet at a host company of the work group. Know-how transfer on self-chosen topics is in focus here, as is the exchange of opinions and experiences as well as networking.

At [www.icv-controlling.com/work-groups](http://www.icv-controlling.com/work-groups) you will find further information.
