## Something to improve? Or a feature which you miss?

Mentimeter

Job portal	Add guests to Events ,	It is not very reliable so far
More reports showing how many people used a certain function	Email checkup automatically	More user friendly tasks
Last user login, Last user Profile Update as i run the group	Different User Roles which make it possible to delegate tasks. Better UX and integration in other already used networks.	Add guests to the group.

File storage

select default feature by user to show up first

Generally it is a super Software, very much appreciated

Data Transfer from old System, all Address

This is for investigative in New Software!! 👍

# New features for ICV officials

## 1. Data Storage for work groups

[link](#) to ICV OneDrive/SharePoint

## 2. Events integration

VO events are shown on ICV website (work groups)

<https://www.icv-controlling.com/de/arbeitskreise.html>

<https://www.icv-controlling.com/de/arbeitskreise/westfalen.html>

## 3. Sub-Groups

Work groups can have sub-groups.

E.g. core team and waiting list.

Members can self register only to waiting list; separate communication and events.

Ask Steffi Wirth for setup.
