### Media Data 2023: About the ICV

#### Who is the ICV and how do you benefit as an advertising customer?

The International Association of Controllers (ICV) has set standards for controlling and controllers alike <u>for almost 50 years</u> and is today the controlling competence address in Europe.

The approximately 6,000 members - more than 200 corporate members - benefit from an extensive network, central contacts, top-class specialist events, awards for excellent work and more than 60 work groups. These are regionally oriented and dedicated to specific sector or expert topics.

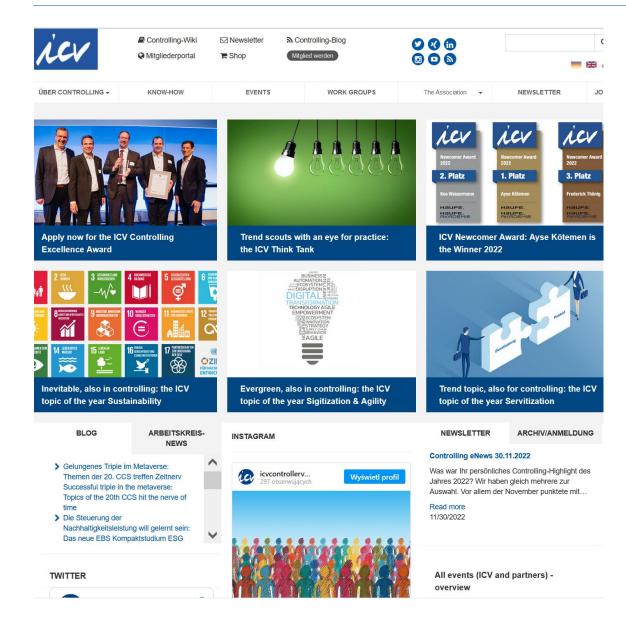

The Association brings theory and practice, trends and proven, specialist knowledge and skills together and thus offers a complete range of services for controllers, CFOs and everyone who focuses on controlling and corporate management.

> Whenever you want to reach people from the areas of controlling and corporate management with your message, the ICV is your first choice.

# Media Data 2023: Ad formats Newsletter (1/2)

#### Your dedicated stand-alone newsletter

In addition to the advertising options in our ICV Newsletter Controlling eNews, we offer you the opportunity to address your offer **exclusively to our recipients (7,500 in German, 6,000 in English)** and thus to place content relating to controlling and corporate management with pinpoint accuracy. The content of your personal standalone newsletter is reserved exclusively for you.

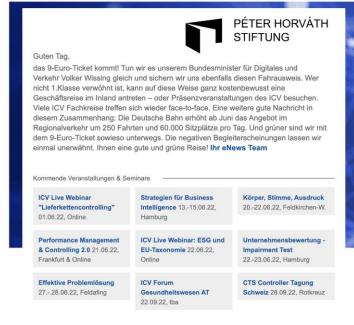

- The layout is based on our standard layout.
- The editorial content must match an ICV topic of the year, current at the time of publication.

We will transfer your content specifications to the newsletter template. Then you check it and finally approve. A test mailing with a correction loop follows. You discuss the mailing date and layout requirements directly with us. We need all content at least one week before final mailing.

#### Services:

- Putting your content into our standard template
- Test mailing with a correction loop
- Final mailing

**Price**: 1 500,- € net
